- P1 CONDITIONS OF DEVELOPMENT; CERTIFYING CONSISTENCY WITH THE CITY'S ADOPTED COMPREHENSIVE PLAN; PROVIDING FOR REPEAL OF ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HEREWITH TO THE EXTENT OF SUCH CONFLICT; PROVIDING FOR AN EFFECTIVE DATE. (PUD 2009-03 GCL, LLC., Oak Street Development of Pinellas, LLC., Tyler Davis, Inc., and Gateway Business Centre, LTD./Grady Pridgen.)**

(SECOND PUBLIC HEARING (QUASI-JUDICIAL))

NOTE: The applicant is requesting reconsideration of a MUPUD overlay and concept plan for several undeveloped parcels totaling 205.37 acres within Gateway Centre Development of Regional Impact (DRI). At its meeting of December 11, 2008, City Council heard Ordinance Number 3656, and the ordinance failed on a 2-3 vote with Council expressing concerns relative to building heights, specifically within Parcel LI-3 abutting Sunset Palms Mobile Home Park. On December 23, 2008, the applicant requested a reconsideration of the ordinance by Council. Respecting Council's concern over the building heights issue, the applicant has revised their request. Building heights within all restricted development areas where the business park abuts or functionally abuts existing residential will remain at twenty (20) feet plus a 5 feet parapet wall to screen mechanical equipment on roof tops. All of Parcel LI-3, which abuts Sunset Palms, will remain restricted. Height within all other undeveloped, unrestricted parcels subject to the MUPUD is reduced to 48 feet. The overlay and concept plans do not specifically permit construction, but distributes development entitlements to parcels of land and can be used to control rights-of-way configurations, buffer types and locations, master drainage, master utilities and master signage. This MUPUD only sets standards for buffers and building heights, which are currently controlled through the Covenants, Conditions and Restrictions applicable to the entire DRI. Of note the requested Master Buffer Plan eliminates the platted 43 feet wide landscaped buffer on all roads adjacent to undeveloped parcels. Where not already provided, the required 35 feet wide "wall landscaping" is reduced to an actual landscaped area of 10 feet wide with canopy trees every 30 feet. The proposal appears to be consistent with the Comprehensive Plan and should not lower adopted levels of service for City infrastructure. Surrounding land uses are: to the north, Lake Miele, vacant MCI Building, Scandesign; to the south, Light Industrial and Sunset Mobile Home Park; to the east, vacant light industrial and City of St. Petersburg jurisdiction; and to the west, Mainlands RPUD. At their meeting of November 6, 2008, the Planning and Zoning Commission recommended approval of the application.

PUBLIC HEARING, SECOND AND FINAL READING

NOTE: This is a voluntary annexation of 0.56 acres MOL of contiguous right-of-way property. These are the last two parcels of right-of-way along this section of 126th Avenue that are not within the City of Pinellas Park jurisdiction. - P5 RESOLUTION NO. 09-03. A RESOLUTION VACATING A PORTION OF RIGHT-OF-WAY, 84TH AVENUE NORTH, GENERALLY LOCATED EAST OF 63RD WAY NORTH AND WEST OF CSX RAILROAD, SECTION 29, TOWNSHIP 30 SOUTH, RANGE 16 EAST. (V 2008-8 Shearer, E. L. Concrete and Masonry, Inc./Edwin L. Shearer, Jr.)**

PUBLIC HEARING, FIRST AND FINAL READING

NOTE: The applicant, E.L. Shearer Concrete & Masonry, is requesting the vacation of an approximately 80-foot-wide by 146.2-foot-long portion of right-of-way, 84th Avenue, generally located east of 63rd Way and west of CSX Railroad. The applicant plans to combine the vacated right-of-way with their property to the south in order to provide additional land area for their site. Pinellas Park Water Management District Channel 1 Drainage Canal is located to the north of the right-of-way. Therefore, Pinellas Park Water Management District is requesting a drainage easement to be retained for access and maintenance purposes. Additionally, two departments within Progress Energy, Distribution Engineering and Transmission Department, have no objection provided that “nothing herein shall diminish, alter or adversely affect their existing easement rights and/or prevent access over this right-of-way”. Therefore, Progress Energy is requesting an ingress/egress easement for future access to their existing easement. The applicant is aware of the required easement. The remaining utility agencies and City divisions have no objection to the proposed vacation. The Planning and Zoning Commission, at their meeting of December 4, 2008, recommended APPROVAL of the vacation, based on the following Findings of Fact:

1. The vacation is consistent with the policies of the Comprehensive Plan.
2. The various utility agencies and City divisions have no objection to the vacation provided a drainage and ingress/egress easement is retained over the entire right-of-way.

- C11** **ORDINANCE NO. 3666. AMENDING ORDINANCE 3641 ADOPTING THE BUDGET FOR FISCAL YEAR 2008/2009.**

FIRST READING PRIOR TO PUBLIC HEARING

NOTE: In general, the ordinance amends this year's budget by reallocating funds for the former Recreation Director's position among several cost centers. In addition, State revenue sharing has been reduced by \$600,000 in the General Fund based on the State's latest revenue estimates. We also have budgeted additional revenue (that will negate this decrease in revenue sharing for this year) for public service taxes and fees as a result of the Progress Energy rate increases effective in January 2009. In the Water and Sewer fund, we have budgeted additional revenue relative to the amended user fee rates approved by Council last September.

In the Capital Improvement Fund we have reduced the appropriations for Park Blvd Phases 2 and 3. More of Phase 2 was done last fiscal year than we had anticipated. Phase 3 of the project will go out for bid in February, 2009. Due to the current recession, it is anticipated that the City will save some capital improvement funds for this project. In addition, we carried forward funds for several intersection renovation projects from the prior fiscal year.
