March 2011

Building Development Department Issues Free Permits

The City of Pinellas Park Building Development Division will kick off Pride in the Park by issuing free permits for specific construction and repair work to Residential properties, beginning Monday, March 7th through Friday, March 25th.

This special program gives homeowners in the City of Pinellas Park the opportunity to obtain free permits for home renovation projects such as roofing, alterations, minor repairs, fences, wood decks, concrete patios, driveways, above ground pools, and sheds.

Residents are encouraged to contact the Building Development Division for permitting requirements. In some cases, plans and other preparations can be made prior to making the trip to apply for a free permit, thereby saving time and/or multiple trips to our office.

The permit office, which is located in the Tech Services Building at 6051 78th Avenue North, Pinellas Park, FL 33781, will be open regular hours from 8 a.m. to 5 p.m., Monday, Tuesday, Wednesday, and Friday. Hours will be extended on Thursdays from

8:00 a.m. to 7:00 p.m. for the convenience of homeowners who work and find it difficult to come in during regular hours.

If residents have access to a computer, one may access forms and information on-line. Just go to pinellas-park.com and click on permits under the services option and this will take you to a variety of links from forms, applications, and to when a permit is required. Also, if residents have access to a fax machine, the Building Development Division can transmit forms, permit applications and accept support documentation by facsimile. This time saving service is provided to our residents for their convenience. The Building Development Division fax number is (727) 541-0886.

Tree And Plant Sale At Country In The Park

The City of Pinellas Park partners with Nina Harris School to sell trees and plants at Country in the Park. The City donates the bare root tree seedlings, Nina Harris's Agricultural Division plants and grows

them, along with plants which are replanted and nurtured for the event. The tree sales are located in the Community Development tent where the Building Development Division will be selling the trees

and plants for \$3.00 each. All proceeds from this sale benefit the Agriculture Class at Nina Harris School.
