

## City of Pinellas Park Citizen Participation Plan

The City of Pinellas Park expects to receive Community Development Block Grant (CDBG) funds from the Department of Housing & Urban Development (HUD), which may be used to address housing and community development needs. Program activities must meet at least one of three national objectives outlined by HUD: activities benefitting low and moderate income persons; activities preventing or eliminating slums or blight; and/or activities meeting other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community and other financial resources are not available to meet such needs. Please complete this survey to help us determine what programs/projects should be funded.
